donation. About £500 remains to cover future expenses etc as the BSTJ Community Interest Group (CIG) will keep a watching brief in order to ensure that Berwick does not miss out on any legacy or benefits to which we may be entitled. No village representatives were sent to the last meeting but Neil & Anika Lange will be going to Community Forum meeting on 16th Jan. We are at the early stages of finding out what is available, what this village needs and then see if it qualifies.

Action

Chairman

Anika Lange

Research shows that a 20ft “one trip” shipping container would be ideal for holding all the villages recreational equipment, but the cost (delivered) would be around £2,500. (An older well-used version would cost around £600 less, but much re-painting and re-sealing would be required, and probably would not be the best value for money.) The meeting in general approved the idea. Over the next two months Neil will explore various funding and siting opportunities for the proposed container, Bill to look into insurance and both Neil and Christian will work together and try and source a shipping container that would be the best value-for-money. The village is unlikely to receive extra funding for the container from Amesbury Board.

Chairman
Bill Hiscocks
Chris Lange

Accounts Update & Precept 2019: Treasurer

Precept Account:	Balance at 1st April 2018	£1,017.75	<u>Action</u>
-	Balance at 10th Jan 2019	£ 493.59	
Community Fund Account	Balance at 1st April 2018	£1,251.25	
-	Balance at 10th Jan 2019	£ 1,298.13	

The latest figures for the Community Fund do not take into account the overdue amount of £120 from Devizes Textiles, which should have been paid in October. Bill is still pursuing Devizes Textiles for what they owe.

Bill Hiscocks

Berwick St James Website: Nicky Street / Chairman

For those not yet familiar with this, it is full of fascinating information. Do sign up for the alerts, which let you know about upcoming village events. There is going to be more on village history. We have some good old photos but are always happy to have more photos and information – past and present - so please get in touch with Nicky or Neil if you have anything suitable. Work has been on-going to make it more user-friendly and the intention is to change the colour of the drop-down menu to make it easier to use and see.

Berwick St James

A scenic view of a stone mill building with a small arched bridge over a stream, surrounded by trees and a white swan in the foreground. The scene is captured in a sepia or warm-toned style, suggesting a historical or nostalgic setting. The mill is a two-story stone structure with several windows, some of which are boarded up. The stream flows from the foreground towards the mill, and a white swan is swimming in the water on the left side. The background is filled with dense trees and foliage, creating a lush, rural atmosphere.
