

Fiscal Rules of Procedure

Withdrawal of funds for village requirements of up to £100 from either fund can be made without prior approval from the village. However the reason(s) for the expenditure and the specific costs must be given and minuted at the next meeting.

Approval for the withdrawal of funds exceeding £100 but up to and including £500 from either fund must be given by the community at a Village Meeting. However there should be no requirement for the applicant to give any warning of the request before the meeting.

(As proposed by Christian Lange and approved on 12 Jan '12) Payments over £500 should be approved by the community at a Village Meeting and that the applicants for funds exceeding £500 should give warning of the request no less than 10 days before a meeting.
