

A REAL PASSION FOR VINTAGE TRACTORS

Cyril Emm, a Berwick St James resident since 1954, has a real passion for vintage tractors, which he has been restoring to peak condition over many years.

The 88-year-old had been a tractor and combine driver for 70 years until his retirement in 1995. Since buying his first tractor in 1982, he has restored about nine Allis Chalmers machines – some were just a heap of rust - his latest two models date back to the 1920s and 1941.

Two of these magnificently restored machines will be on display at the Open Gardens event in Berwick St James on 23rd and 24th
